A timesheet can be downloaded anytime after it is created. However, by default, it will be marked with a “Draft” watermark and is not authorized for use. Once a timesheet is approved and has a status of Complete, the watermark is removed and the timesheet is ready to use.

There are three ways to download a timesheet:

- The Edit Timesheet page (Draft timesheets only)
- The View Timesheet window (all statuses)
- Download button (Complete timesheets only)
