

# Special Cases

## Respite

Respite shifts do not require the selection of Activities.

## Recording Non Direct Clinician Services

For support staff working ComHab for a participant with IDGS Non Direct Service Provision in his or her budget (also called Non Direct Clinician), a value for "Was a Clinician Present?" must be provided when recording a training event on a shift.

- By default, this is set to **No**.
- If the clinician was present, select **Yes** and then provide the name of the clinician.
