## Why is the Amount Submitted different from the Total Paid? (Reimbursement Expenses)

There are two main reasons why Amount Submitted and Total Paid for a Reimbursement Expense may not match.

- 1. All lines were paid. However, the sum that was submitted is different from the sum that ISS calculated.
- 2. Not all lines were paid. Certain lines may not be paid for various reasons. In these cases, click the memo button on the line to see a note about why the line was not paid.

## Why is the Amount Submitted different from the Total Paid? (Mileage Expenses)

There are three main reasons why Amount Submitted and Total Paid for a Mileage Expense may not match.

- 1. The most common reason is a rounding issue. Lines of a mileage expense are calculated on a per-line basis (miles \* rate). The totals of the lines are then summed. You may calculate a slightly different number if you multiply the rate by the sum of the miles.
- 2. The rate used on the submitted expense may have been the incorrect rate.
- 3. Certain lines may not be paid for various reasons. Click the memo button on the line to see a note about why the line was not paid.
