

Company Access Code

First Time Logging in

When logging into UKG for the first time, you will be asked for a company access code. ISS' Company Access Code is **ISS03**

This is required only for the first time you login. However, if you ever delete the App, you'll have to put the code in again.

The image shows a mobile app login screen for UKG. At the top is the UKG logo in teal. Below it is the word 'Welcome' in a dark grey font. A message states: 'Before you can log in, we'll need your company's code'. There is a light grey rectangular input field with the placeholder text 'Company Access Code *'. Below the input field is a light grey button with the text 'Next'. At the bottom, there is a blue link that says 'What is my Company Access Code?'.
