

Company Access Code

Updated 7/21/2022.

First Time Logging in

When logging into to UKG for the first time, you will be based for a company access code. ISS' Company Access Code is **ISS03**

 This is required only for the first time you login. However, if you ever delete the App, you'll have to put the code in again.

The image shows a mobile app interface for UKG. At the top is the UKG logo in teal. Below it is the word "Welcome" in a dark grey font. A message states, "Before you can log in, we'll need your company's code". Below this is a light grey rectangular input field with the placeholder text "Company Access Code *". Underneath the input field is a light grey button with the text "Next". At the bottom of the screen is a blue hyperlink that reads "What is my Company Access Code?".
